# Mobile Marketing

There's no denying that mobile is the fastest growing market. The new marketing world consists of mobile devices, which are used to access the internet, and that's where the action is. The new marketing world consists of mobile devices, which are used to access the internet, and that's where the action is. The new marketing world consists of mobile devices, which are used to access the internet, and that's where the action is.

How has mobile usability changed?

Because of the increasing use of mobiles, their versatility is always growing.

**One-half** of all local searches are performed on mobile.

While 75 percent more Americans use mobile devices, only 25 percent use mobile devices for their traditional searches.

What is the state of social & mobile marketing?

**50%** of Facebook users have used Facebook Mobile.

**50%** of them use Twitter Mobile.

**Women 35-54** are the most active group in mobile socialization.

Scan this Tag to watch a video about Microsoft Tag.

Go to the Microsoft Tag website: <http://tag.mobi>

Microsoft Tag is a new way to interact with the world around you. It's a small, colorful icon that you can scan with your mobile phone to watch a video, play a game, or get more information about a product or service. Microsoft Tag is available on a variety of mobile devices, including the iPhone, the Android phone, and the Windows Phone. To learn more about Microsoft Tag, visit [tag.mobi](http://tag.mobi).
